

S.D. HIGHWAY 115 CORRIDOR STUDY

Public Meeting Open House #2 | October 2025

The purpose of this public meeting open house is to present preliminary recommendations for the S.D. Highway 115 Corridor Study. These recommendations reflect a long-range vision for the corridor's number of lanes, intersection configurations, access, multi-modal features, and multi-lane elements.

The study team is looking for your feedback to further refine concepts, recommendations, and timelines prior to finalizing the study.

PROJECT BACKGROUND

This Highway 115 Corridor Study is a collaborative effort between South Dakota Department of Transportation (SDDOT), Federal Highway Administration (FHWA), Sioux Falls Metropolitan Planning Organization (MPO)/South Eastern Council of Governments (SECOG), City of Sioux Falls, City of Baltic, City of Dell Rapids, Minnehaha County, stakeholders, and the public to develop a comprehensive plan for the corridor. This study will serve as a long-range plan for the SDDOT and other agencies for future improvements to address needs along the corridor.

All public meeting open house materials are available on the project website.

STUDY GOALS

Develop a long-range plan for the Highway 115 corridor including recommendations for access management, traffic and safety improvements, typical roadway sections, and bicycle and pedestrian facilities.

Determine potential intersection configurations and the need for additional turning, passing, or through-lanes along the corridor.

Create an environmental scan documentation of the corridor.

Create final documents and products for study agencies to provide implementation guidance.
